Description

The Cargo ranges of platforms are ideal for surface mounting with a wide choice of standard weighing sizes available. There are 2 kits available for fitting ramps or sub-floor mounting. Special sizes can be supplied. There is also a stainless version for food handling operations.

All sizes can be supplied as "Legal for Trade" systems. Stamping fee extra at cost. Choose the weighing indicator to suit your requirements and budget. Why not link your platform to a PC using the Desktop weighing software.

Mild Steel 4 Load Cell

- Black ESPC painted finish.
- Tough Construction.
- Nickel-plated load sensors.
- Comes pre-calibrated to the display of your choice.
- Stainless steel versions available.
- Stamping fee at cost.
